Sir:

In 1883 dies were prepared by your mint for Hawaiian coinage which was executed at the San Francisco mint. I will thank you to inform me whether the original hub of these dies is still in the possession of your mint, and if so what it would cost to manufacture dies for dime coinage of \$25,000.

I will also thank you to state what it would cost to prepare dies for the Hawaiian government to strike \$20,000 in five-cent nickels.

Respectfully yours,
